

First Announcement for

International Conference on Topology and Geometry 2013

Joint with the 6th Japan–Mexico Topology Symposium
September 2 – 6, 2013

Shimane University and Osaka City University are organizing the international conference on
Topology and Geometry 2013.

The conference will take place at Shimane University, Matsue City, Japan, on September 2–6, 2013.

The aim of this conference is to present the latest research and results of mathematicians related to
Topology, Differential Geometry and related fields.

The conference will have 7 sessions; Algebraic Topology, Continuum Theory, Differential Geometry,
Geometric Topology, Knot Theory, Set-Theoretic Topology and Set Theory.

The scientific program of the conference will consist of plenary lectures and parallel sessions of invited
talks and contributed talks.

The conference will be dedicated to Professor Akio Kawauchi and Professor Tsugunori Nogura on the
occasion of their retirement.

Organizers.

About Matsue.

Matsue is located in the western part of Honshu Island and about 300km north-west of Osaka.
Matsue is beautiful city and there are many sightseeing spots. In particular Matsue is famous for old architecture (e.g. Yaegaki Shrine, Kamosu Shrine, Matsue Castle, etc.) .
Also this city is known as "Water-City". There is Lake Shinji in Matsue which is a symbol of Water-City .
The sunset over the lake is very beautiful.
